

Melbourne, 15 August 2017

Australia – Victoria

No. 214 (T) – 2017

PORT OF MELBOURNE

RED TOWER PEL LIGHT CHARACTERISTICS ALTERED

Date: 15 August 2017

Refers: NA

Details: Mariners are advised that sector intensities for the Red Tower, Port Entry Light (PEL) have been amended due to issues with light spill outside of sector boundaries. The white sector has also been phase offset from the red and green sector to improve the white sectors visibility.

The intensity and characteristic have been altered as part of an operational trial, please provide feedback on the sectors and visibility of the Red Tower PEL to navigation.services@vicports.vic.gov.au

For more information, please contact Melbourne VTS on 9644 9700 on VHF Channel 12.

Mariners are advised to familiarise themselves with the altered light characteristic.
